

TourCert

Travel for Tomorrow

CERTIFIED COMPANY

TreXperience Peru EIRL

systematically evaluated its business operations; measured, both quantitatively and qualitatively, the application of social, economic, environmental, and quality standards; appointed a sustainability officer who ensures the implementation and follow-up of the TourCert certification criteria; and prepared a sustainability report with a commitment to improvement in the short, medium, and long term. The company is committed to continuously improving its performance in quality, sustainability, and corporate social responsibility. Through its continuous improvement program, its key commercial activities are also permanently linked to sustainability.

An independent auditor trained by TourCert comprehensively verified compliance with the certification program's regulations.
